

ALDERNEY
GAMBLING CONTROL COMMISSION

29 June 2011

FOR IMMEDIATE RELEASE

Media Release

Alderney Gambling Control Commission (AGCC) has today issued Hearing Notices under Regulation 46 of its Regulations to Vantage Ltd, Oxalic Ltd, Filco Ltd and Orinic Ltd, collectively trading as FULL TILT POKER.

In addition, AGCC has issued Suspension Notices under Regulation 47 to the above named companies requiring them to suspend all operations with immediate effect.

The decision to suspend these licenses follows a special investigation prompted by the indictments unsealed by US Attorney General's Office in the Southern District of New York on 15 April 2011, during which grounds were found to indicate that these licensees and their business associates were operating contrary to Alderney legislation. The nature of the findings necessitated the taking of immediate action in the public interest.

Andre Wilsenach, the Executive Director of the Alderney Gambling Control Commission says: 'The decision to suspend the eGambling licence was in the public interest and, because of the seriousness and urgency of the matter, it required that immediate action be taken ahead of the regulatory hearing.'

Any further announcements on this matter can be found on the website of AGCC at www.gamblingcontrol.org
